Luxurious sink from the French brand **Chambord Louis 795** is sometimes also known as Chambord **Louis II**. The Louis 795 kitchen sink will captivate you with its elaborate ribbed front. Thanks to its noble and extremely refined appearance, it will add a blend of prestige and history to your kitchen. It is stylishly suited not only for so-called farmhouse kitchens but will also find its place in modern design.

The depth of the sink is 18.5 cm, which is sufficiently comfortable for washing large dishes. **Modular installation**, the sink is therefore mounted directly onto the cabinet. You can place the sink not only in the kitchen counter, but also in the kitchen island.

Chambord ceramic sinks stand out with their design and high-quality craftsmanship. The main **advantages of ceramics** include high impact resistance, scratch resistance, high temperature resistance, hygienic safety, color stability. Dirt and pigments do not adhere to the surface. Ceramic sinks are exceptionally easy to maintain. If you are looking for a white sink, choose ceramic.

Key features of the CHAMBORD LOUIS 795 kitchen sink

- white ceramics, single-sink without a drainer
- Louis 795 has an extended warranty of 5 years.
- The logo of Chambord is displayed inside the sink, see photo.
- ideal choice of sink for a kitchen island
- sufficiently deep basin (18.5 cm) for comfortable washing, click - clack strainer
- The ceramic sink is exceptionally resistant to scratching, impact, and high temperatures.
- the sink is intended for modular installation
- suitable for cabinets from 80 cm

A ceramic sink is fired in kilns and the glaze is applied by hand, making each piece unique. It is necessary to take into account a tolerance of +/- 1-1.5 cm in dimensions. We recommend having the sink physically available for the realization of the kitchen counter.
