20,40 €

17,00 € bez DPH

Throat crusher, so-called E-Z (easy) Mount.

One of the two systems (the other one is 3-Bolt Mount) for attaching the waste disposal to the sink drain.

The neck is made of plastic, with a stainless steel plate drawn on the top visual part. It is secured by a single nut with an internal diameter of 84mm.

Used with shredders EcoMaster, EcoMaster Plus, Waste King, Bone Crusher, Sinkmaster, Waste Maid, etc.

For the average sink drain 90mm - the vast majority of modern sinks. The maximum thickness of the sink bottom is 15mm.
