

EcoMaster zátka chromovaná PLUS / AMC

Vsazení uvnitř hrdla nad manžetu

EAN: 8596220001306

15,60 €

13,00 € bez DPH

Luxury stopper with a glossy chrome surface and a black longitudinal handle for convenient handling.

PRINCIPLE

The stopper is placed in the drain opening by resting on the rubber cuff. It is equipped with a perimeter rubber seal, which adheres inside the tube of the opening. For its function, it does not strictly require an inserted rubber cuff.

COMPATIBILITY

The plug is intended for E-Z Mount throat internal diameter of 76.5mm, EcoMaster PLUS series, or for throats of 78.5mm of all models of AMC (Anaheim Manufacturing Company), for example under names: Waste King, Bone Crusher, Commander, Sinkmaster, Waste Maid, Waste Master, Whilraway, General etc.

In the aforementioned models of AMC, but only with an inserted cuff, which seals by pressure on the cuff, as it may be looser around the circumference.

WARNING

It is not intended for throat
