

Jet Dryer HEPA filter for hand dryer DYNAMIC

Přídavný HEPA filtr pro Jet Dryer DYNAMIC

EAN: 8596220009395

9,72 €

8,10 € bez DPH

The HEPA filter is designed for the hot air dryer **Jet Dryer DYNAMIC**.

The certified HEPA filter is used to capture even the smallest dust particles.

Removing the HEPA filter

First, you need to remove the cover: Use the provided Allen key and loosen the two screws on the sides of the device. Carefully remove the cover by gently pulling it upwards.

Cleaning HEPA filter

Remove dirt with a gentle tap or by using a vacuum cleaner, you can also use a soft brush.

Do not rinse the filters with water. The filters should be cleaned every 3 months.

If the HEPA filter is heavily contaminated, it needs to be replaced.

Installation of HEPA filter

Insert the cleaned HEPA filter back into the device and install the cover. Secure the cover with two screws on the sides of the device.
