EAN: 8596220002945

23,76 €

19,80 € bez DPH

The HEPA Filter is designed for Jet Dryer STYLE hand dryers.

The certified HEPA filter is used to capture even the smallest dust particles.

Cleaning the air and HEPA filter

- With a light tap or by using a vacuum cleaner

- The use of a soft brush is possible.

How to remove the filter from a jet dryer.

Push the latch and open the intake grille - the air filter is securely inserted in it. If necessary, by slightly bending the entire grille door, you can remove it from the guides and clean the filter outside the device. After opening the intake grille, remove the HEPA filter.

Rear placement of the filter into the dryer.
