## II. Jakost - Rozbaleno

Jet Dryer SLIM bílý - ROZBALENO, použito na prezentační účely. Mohou být mírné oděrky. Obal poškozen. Přívodní kabel součástí.

## Small dimensions

Slim is a compact jet dryer from the Jet Dryer Series. It is ideal where you are limited by space. Despite
its small dimensions, it will amaze you with its drying power.

## Dual jets for fast hand drying

A total of 23 nozzles are distributed on both sides of the drying area. The hands are dried evenly and in record-breaking short time.

## Blue backlight

The inner drying space is illuminated by energy-saving LED diodes. The muted dark blue light gives a modern touch and shows the user where to place their hands.

## 2 speeds

With the SLIM jet dryer, you can choose between two drying speeds. On the lower setting, the operation of the dryer is very quiet. On the higher setting, the drying time is shorter.

You can conveniently switch speeds on the control panel at the top of the hair dryer.

## Automatic air heating

The hairdryer is equipped with a sensor of the surrounding temperature, and the air heating automatically turns on when the temperature drops.

## Dry Floor

The Dry Floor system ensures that the floor under the dryer will always be dry. The Slim jet dryer is equipped with a water tank.

## Hygienic hand drying

The operation of the dryer is completely contactless, so there is no cross-contamination. The sucked air is filtered through a HEPA filter. The HEPA filter eliminates more than $99.97 \%$ of fine dust particles with a size of 300 nanometers.

## Air freshener

Thanks to the integrated gel air freshener, a pleasant scent is released when the dryer is in operation.

## Parts of the packaging:

- Assembly instructions
- Assembly suspension panel
- 5 mm anchor 6 pcs
- Power cable
- $4 \times 25$ mm self-tapping screw 6 pcs

## Parameters

## Basic parameters

Model: Jet Dryer SLIM
Use:
Warranty:

## Technical parameters

Mounting method - installation: Wall
Noise - sound level: ..... 70 dB
Case material: ABS plastic
Surface finish - color: White colored plastic / silver varnishControls:Capacitive buttons
Status indication:
Drying chamber lighting:
Trigger System (Power On, Control):Warm air:
Air preheating: No
LEDs
Blue LED Lighting
Automatic-infrared sensor
YES - according to ambient temperature /
permanently on
Change engine speed / air speed: Two air speed settings
Air flow: ..... 23.5-29 I/ s
Air Speed: ..... $85-105 \mathrm{~m} / \mathrm{s}$
Dry Floor system: ..... Yes - drip tray
Drip tray volume: ..... 500 ml
Number of uses until the drip tray is filled: ..... 650
Operating temperature: ..... $-10^{\circ} \mathrm{C} /+40^{\circ} \mathrm{C}$
UV sterilization: ..... No
Standard air filter: ..... No
HEPA filter: ..... Yes
Type: ..... Sparkling
HEPA filter class: ..... E12
Electric specifications
Input voltage: ..... AC $220-240 \mathrm{~V}$
Frequency: $50 / 60 \mathrm{~Hz}$
Heating element output: ..... 900 W
Motor power: ..... 900-1100 W
Motor type:Serial AC commutator
Current consumption: ..... 9A
Standby mode: ..... <2 W
Power cable:CEE plug 7/7, IEC-320-C13 connector
Power cord length:120 cm
Protective and security elements
Protection against excessive use:Overcurrent protection, overheating and short-circuit protection:
Electricity class protection: I. (protective conductor)
Degree of protection:IPX4
Dimensions, weight, packaging
Device dimensions: ..... $566 \times 296 \times 164 \mathrm{~mm}$ (h/w/d)
Device weight: ..... 6.5 kg
Weight including packaging (kg): ..... 8 kg
