Under the auspices of the SEE holding, **Franz Joseph Schütte GmbH** produces high-quality batteries, showers, and sanitary supplies together with its sister companies Kirchhof, Eisl, Eyckhaus, and Wasserwerk. Quality products at a reasonable price.

The **shower hose measuring 150 cm** is made of durable plastic. The shower hose is characterized by its long lifespan. It is equipped with a water-saving seal. Thanks to this, water consumption is reduced by up to 50%.

High-quality shower hose ideal for shower systems. Standard connection 1/2" (Ø approximately 1.9 cm).

We recommend cleaning the shower hose only with a soft cloth and water (not with abrasive or aggressive cleaning products). Ideally, wipe it dry after use to prevent water drops from remaining on the surface and prevent the formation of limescale.
