EAN: 4051202747282

702,24 €

585,20 € bez DPH

The luxurious European premium **brand Villeroy & Boch** dates back to 1748. It is represented in more than 125 countries around the world. Villeroy & Boch is an innovative company with a long tradition - it is one of the most important brands in Germany, Europe, and the world. As a ceramics manufacturer, it has evolved into an international lifestyle brand.

Timeless, simple, minimalist - these are the synonyms that describe the luxurious single sink **Villeroy & Boch Siluet 900.0** with a draining board. With its simple appearance, it will fit into any environment. Whether you are planning a modern, rustic, or English style - the sink will look great.

The sink has a sufficiently **large and deep (20 cm) basin**, which you will appreciate especially when washing bulky pots and baking trays. The draining part of the sink is also conveniently spacious and smooth. Water simply flows back into the sink. The sink is designed for demanding customers who do not want to waste time on cleaning.

The sink is made of material **Titan- Ceram** - it is so-called "material of the future". It combines the properties of high-quality ceramics with exceptional strength. Titan-Ceram allows creating delicate, fragile shapes that are, however, very strong!

The advantage of a ceramic sink is its easy maintenance and color stability. Even long-term exposure to sunlight or even aggressive materials will not change the color or surface of the sink. The surface of the Villeroy & Boch Siluet 900.0 sink is treated with the CeramicPlus system. That is, the sealed non-porous ceramic surface prevents dirt, cooking waste, and unsightly limescale from adhering to your kitchen sink. The time spent in the kitchen will therefore become a real pleasure.

Key features of the VILLEROY & BOCH SILUET 900.0 kitchen sink (Siluet 50 333501)

- white ceramic sink with a spacious basin and a drainer
- Silhouette 900.0 has an extended 5-year warranty.
- timeless, simple, minimalist impression
- The sink will fit in any kitchen with its appearance, it will look great.
- The sink is intended for top mounting.
- Original and luxurious design
- sink material Titan - Ceram
- high-quality ceramic sink made from 100% natural materials
- traditional artisanal processing supported by 270 years of ceramic experience
- Thanks to Ceramic Plus, it is easy to keep clean.

A ceramic sink is fired in kilns and the glaze is applied by hand, making each piece unique. It is necessary to take into account a tolerance of +/- 1-1.5 cm in dimensions. We recommend having the sink physically available for the realization of the kitchen counter.
