EAN: 4022693878816

882,96 €

735,80 € bez DPH

The European premium brand **Villeroy & Boch** has its origins dating back to 1748. With its products, it is represented in over 125 countries worldwide. Villeroy & Boch is an innovative company with a long tradition - it is one of the most important brands in Germany, Europe, and the world. As a ceramics manufacturer, it has evolved into an international lifestyle brand.

The new addition to the market is the corner ceramic sink Villeroy & Boch Solo Corner 1075.20R with a wide range of functions - also an ideal choice for smaller kitchens. Primarily designed for individual solutions, the sink represents versatility and practicality with four functional areas. It is suitable for a wide range of interiors, not only urban modern styles but also rustic kitchen styles.

Every kitchen unit, **every kitchen corner has corners and edges**. The world-renowned designers of Villeroy & Boch are well aware of this. That is why they have introduced the corner sink Solo Corner 1075.20R to the market, which represents a new angle on sophistication. The sink presents a perfect solution for avoiding wasted space in corners and creating maximum workspace in the kitchen.

The Villeroy & Boch Solo Corner 1075.20R sink model offers several advantages. The sink has a main spacious and deep compartment where you can comfortably wash large pots and baking sheets. Additionally, the sink offers a smaller basin that can be used, for example, for defrosting meat or rinsing fruits and vegetables. The sink also includes a drainer, providing space for drying dishes. The water simply drains back into the sink. At the back of the sink, there is a small round basin with a plastic sieve, for example, for dish sponges or drying small items. The sink is therefore highly functional and practical.

The advantage of a ceramic sink is its **easy maintenance**, color stability. Neither long-term exposure to sunlight nor even aggressive materials will change the color or surface of the sink. The kitchen sink Solo Corner 1075.20R is made of very high-quality ceramics, making it highly resistant to heat and cold, and even household acids do not leave any traces.

In addition, the **Ceramic Plus** surface finish ensures excellent hygiene and easy cleaning. Benefits that you will appreciate in your everyday kitchen tasks. The time spent in the kitchen will thus become a real pleasure.

Key features of the VILLEROY & BOCH SOLO CORNER 1075.20R kitchen sink (Solo Corner sink 670801)

- white ceramic corner sink
- Solo Corner 1075.20R has an extended warranty of 5 years.
- ideal choice not only for modern interiors, but also for rustic kitchen styles
- the sink has a main chamber, a smaller second basin, a drainer and a small basin with a sieve - maximally functional and practical
- sufficiently deep sink chamber 18.5 cm
- The sink is intended for top mounting.
- Original and luxurious design
- high-quality ceramic sink made from 100% natural materials
- traditional craftsmanship, supported by 270 years of ceramic experience
- thanks to Ceramic Plus, the sink is easy to maintain cleanliness

A ceramic sink is fired in kilns and the glaze is applied by hand, making each piece unique. It is necessary to take into account a tolerance of +/- 1-1.5 cm in dimensions. We recommend having the sink physically available for the realization of the kitchen counter.

Parts of the packaging:

- Sifon
- Release.
- Robbery
- Plastic net/dish.
