## VinoTek cartridge 1l pro model VT8

EAN: 8596220003201 **79,44 €** 66,20 € bez DPH

Large replacement cartridge with argon content. Can also be used as an external cartridge.

The cartridge is suitable for the automatic dosing machine for wine VinoTek VT8.

A gas cartridge with a capacity of 1l is sufficient for approximately 125 bottles of wine with a volume of 0.7l.

Argon is an inert gas that prevents oxidation. This very property is utilized in the VinoTek system. The protective argon atmosphere ensures that the wine will taste great even 30 days after opening.

## Parameters

## **Basic parameters**

Model:	VinoTek cartridge 1I
Use:	VT8
Number of bottles issued per cartridge.:	Approximately 125 pieces.
Gasoline:	Argon
Gas purity:	99.96%
The volume of the cartridge:	1
Amount of gas.:	100 g
Filling pressure.:	120 bar
Warranty:	2
Dimensions, weight, packaging	
Dimensions of the cartridge with / without valve:	295 x Ø90 mm / 260 x Ø90 mm
Weight of cartridge.:	2.09 kg
Packaging dimensions:	330 x 125 x 125 mm (w/h/d)
Weight including packaging (kg):	2.38 kg
Packing method:	Cardboard including polystyrene filling.

- dosah déti. Tiak uvnitř láhve nesmí překročit 12MPa.
